NUMBER 52

Haskell Indians Beat Hamlin Pipers 6 to 0

The Haskell Indians eked out a 6 to 0 victory over the Hamlin Pipers last Friday night at Haskell when Foster, Haskell halfback, scored on an off tackle slant from the 2 yard line.

Haskell took over on the Pied Piper 13 yard line, when a Hamlin kicker failed to get off a kick on a fourth down early in the first quarter. Welch, Haskell quarterback made 11 yards on the first down, and Foster scored standing up.

The teams were about evenly matched, and but for a bad break against Hamlin, the score might have been 0 to 0.

The Pipers have a breather this week and are taking things easy. November 5, they play Aspermont.

V. H. Pyeatt came in from California Sunday to visit his aunt, Mrs. Sam King and his father, W. E. Pyeatt in Aspermont. Mr. Pyeatt had been with the Lockheed-Vega Airplane plant the past four months and before that he had been in the Naval Reserve attached to the Seabees. His home is in Dallas where he formerly taught printing in the Tech High school.

Miss Minnie Lee Elkins has been visiting with her parents, Mr. and Mrs. W. B. Elkins of the Plasterco community since Friday of last week. She is with the S. W. Bell Telephone in Dallas.

Rev. Dan D. Jones, pastor of the Church of the Nazarene, is attending the annual district assembly of the Abilene district at Denton, Texas. After his return he will begin his fifth year with the local church.

Dairy Feed Price Adjustment Payment

The State office has been advised that the dairy feed payment will be made direct to producers upon submission to County AAA Committee of satisfactory evidence of quantity of whole milk or butterfat sold. For whole milk, sales records must show pounds of milk delivered and the butterfat content is not necessary. Butterfat sales evidence must be on butterfat basis. Payment will be made at 80 per cent of the butterfat rate for butter sold as such. Payment will be made at 20 per cent of the butterfat rate for cream sold for consumption as such.

It is expected that first payments will cover October sales. Time of payment depends upon availability of forms. The State office expects to receive program instructions and payment procedure soon.

Payment rate for milk will be 50 cents per hundred weight and the payment rate for butterfat will be 6 cents per pound.

In all other counties in Texas payment rate for milk will be 40 cents per hundred weight and the payment rate for butterfat will be 5 cents per pound.

Mrs. J. C. Turner Jr. of Walters, Oklahoma, spent Saturday night and Sunday here with Lieut. Turner's parents, Mr. and Mrs. John C. Turner. She was accompanied by her parents, Mr. and Mrs. J. M. Williams, of Walters, who were also guests in the Turner home. Lieut. Turner is with the armed forces in England.

Mrs. S. D. McMahon spent several days in Dallas this week buying merchandise for McMahon's Jewelry.

Red Cross News In Jones County Area

Jones County, one of ten counties in the Camp Barkeley Hospital Service Council, is asked to have a part in Christmas time cheer for hospitalized soldiers in the Station Hospital at Camp Barkeley.

Christmas tree decorations are needed for trees in each of sixty wards, and for a large tree in the auditorium, and small gifts are needed for soldiers in the wards. Each county in the Red Cross Council is asked to furnish approximately 200 gifts.

Mrs. E. M. Pittman, Anson, is Jones County's representative on Camp Barkeley Council, which meets at the Red Cross building at Camp Barkeley each month.

Letter From An Officer About Red Cross Kit

A letter from a lieutenant aboard a transport in the Pacific rewards the Stamford Pierian Club for its war effort cooperation program last year under Mrs. George I. Kinney. The study club contributed funds for filling a soldier's Red Cross kit each month of the club year, and Lieutenant Paul A. Rogers has written thanks for one he received thru their courtesy.

Dated October 6, 1943, aboard a transport, he writes, "Pierian Club, to whom it may concern: Men were given kits such as you have fashioned, and a few were left over and officers were issued kits also.

"I would like you to know the boys and officers really appreciate the fine work done, besides the great usefulness of the kit, the thought behind them goes a long way, and spans vast expanse of ocean in forming a firmer bond between the fighting men and those at home who are backing them up.

"Best wishes for continued success in your future projects."

Jones County Chapter sends 400 kits annually, made in the sewing room, and filled through dollar contributions of individuals, civic or study clubs or Sunday school groups. Fifty kits have just been sent to the St. Louis headquarters.

Surgical Dressings and Other Red Cross Work

Rural women may cooperate in making hospital items and surgical dressings in a new Red Cross project being organized by Jones Co. Chapter. Wrappings off tire recaps are to be reclaimed, washed with soap and water, and made into articles for use in civilian hospitals and foreign war relief, Mrs. L. M. York production chairman, announces.

The Holland cloth strips are available in amount of 200 yards weekly at present time and local tire dealers are anxious to cooperate in the work outlined by American National Red Cross and already underway in larger population centers.

Notice the date after your name.

"Scrapping" Soldiers Have Done A Good Job In Jones County

If you do not think much of what that bunch of about 35 soldiers who have been working Jones County since August 15, up till past Nov. 1, just talk with the leader, Sgt. Alfred W. Strane, and he'll tell you something that will make you think differently. The boys are finishing their work in this county and have the following to say:

"I want to join with all the soldier boys with me in the Jones Co. Scrap Metal work, in thanking the citizens for their fine cooperation.

"Up to October 15, we had collected 1,504 long tons and had shipped out 16 ear loads to the smelters. We have worked as closely as possible every house and appreciate the way the people have cooperated with us. But there may yet be some pieces of valuable metal about some farm or home, and before we leave the county we shall be glad to know where it is, and about how much it will weigh. Fill out the form below, mail it to Mobil Scrap Unit, Box 712, Anson, Texas, and the boys will pick it up while passing. The war requirements need this scrap, all of it. We must not fail to get it. Our Uncle Sam is furnishing men, trucks and everything to get this scrap metal that is vital to our victory. We want to again thank you for every bit of cooperation. Sgt. Alfred W. Strane."

If you have scrap yet, clip and Mail to Mobil Scrap Unit
Box 712, Anson, Texas

Red Cross Making Surgical Dressings

New surgical dressings quota for Jones County Red Cross Chapter has arrived and work is underway at a room in the Stamford High school building. This program is separate and apart from the new production project of making Holland cloth strip bandages for the Red Cross from reclaimed tire recap wrappings.

Mrs. George E. Pryor of Stamford is chairman of the regular surgical dressings of the Red Cross, a division of the production work. Mrs. M. L. York, production chairman, will make plans for Holland cloth bandage program to be carried out in the Red Cross sewing rooms or community work groups of the county.

Miss Phala Davis came Tuesday from T. C. W., Fort Worth, to spend a short vacation with her parents, Mr. and Mrs. Landon Davis.

Mr. and Mrs. H. D. Wilson are the proud parents of a fine baby girl, born Oct. 15, weight 10 lbs and 2 ozs. Her name is Janet La Verne.

Rodeo Fever Again Raging In Hamlin

On Thursday afternoon and night of last week, rodeo fever ran pretty high in Hamlin again, after a lapse of several years.

Quietly but effectively for several months past, a bunch of Hamlin livestock-minded men and lovers of the old fashioned features of the rodeo bucking horses, bawling calves and roping contests, have been arranging an arena in the rock-bound base ball field at the City Park. They had carried on several Sunday afternoon practice rodeos the past months till they developed the spirit enough to pull off a real show.

So Thursday of last week was Rodeo Show Day. It was well circularized over a big area, and by noon last Thursday there was a pretty good bunch of high-heeled cowboys and game horses on Hamlin's streets. A pretty nice parade was put on, in double back style on the Main street, with flags and covered wagon and everything to remind one of the days long ago when rodeos were the chief shows of every community's back lot. The parade naturally led the crowd to the show grounds and there the entertainment lasted two hours.

This rodeo spirit was slowly developed through the past months by various fellows who wanted something like that for entertainment. One of the leaders in the movement was Ed Johnson, who lost his life not many weeks ago in a fall of his horse. He gave much time to horses and livestock, and put in much work on fixing the rodeo arena in the park. So as time passed it was decided to form a Rodeo Association. To have it properly based, a set of directors was chosen and they are Dave Herbst, Johnnie Hines and Robert Johnson. The whole thing is just for fun and to keep alive the rodeo spirit in this community.

The Thursday night program brought out a capacity crowd. The program was considered extra good. One of the most impressive features that night was "The Empty Saddle." In this Robert Johnson rode out into the arena on a white horse, leading his late brother Ed's horse, carrying an empty saddle. Silence prevailed and then three young ladies sang beautifully, the famous "Empty Saddles".

Perhaps the next show will be around Thanksgiving Day.

Preaching At Hitson

The Baptist church at Hitson will have a visiting minister this Saturday night and Sunday morning and night. You are welcome to all of these services. Each night service at 8:30 and Sunday morning at 11:00 o'clock. The people of the immediate community are urged to be present.

Mrs. Elmer Feagan and son Jimmy have returned home from New Orleans, La., after spending several weeks with her son, Elmer Jr., a Naval Reserve student in Tulane University.

THIS WEEK A LITTLE BIT ABOUT *This* AND A LITTLE BIT OF **THAT**

BRAINS! That is a good subject. None better. Nothing more urgently needed to be used all over the world right now than brains.

—A good housewife, in her efforts to make points go as far as possible, a few weeks ago, phoned the new groceryman, Garland Coltharp: "Say have you got any brains?" The shocked man said "Yes, Ah, Y-e-s, ah yes." And she says "Have you got a set of brains? How much do you want for them?" So he finally assured her that they had all kinds of brains, sets and by the pound, good brains and cheap brains too. Well, so much for this.

—Now if you think the soldier kids are not looking and listening to what is going on at home listen to this: "I was noticing in the paper about cleaning the streets as often as they promise to. I have noticed in my travels in the army that a town that was very clean always had a friendly people and it always made a town look as if you might want to visit it again. I remember one town, Denver, Colorado, I was in it only two hours and I want to see it again. I'm sure with the streets kept clean and a few other places cleaned out in and around my old home town of Hamlin, everyone passing through would remember it longer than if it were a sloppy, dirty looking place. Travelers sure like to talk, so I'm hoping one never has an opportunity to run down Hamlin instead of praising it." Now that boy makes good sense, and when he comes back, he should be elected to something.

—Yes sir, when the boys come back! Our boys, seven or eight millions of them, and most of them are coming back. When they do, they will have more brain power by reason of their experiences, training and hardships, then they had before leaving their easy going American homes. When the boys come back they are going to do things, and how! It will be with efficiency, dispatch and with a bang. A lot of brains had better be waking up before the men get home. They are not going to be soft-soapers like their dads and older brothers carried on to permit a situation to develop in the world that fixes us now where brains are all a whirl of bewilderment. Boys who left us as mere kids will speak up on their return as forceful heroes. Listen! The men are coming.

—It does not sound like common sense for a nation to be at war and needing stuff to fight with and then learn how some crazy set-up of labor control requires three men where two could easily do the job; where some yop-talking silly guy comes around and bawls out a good old Texan for working so fast and getting the job done in four hours and give orders not to do it again under 14 days. A lot of things are coming to light after the war, that is not chipped now. There is going to be a lot of investigations made later. J. Edgar Hoover's work is not finished when the guns quit booming. A lot of fellows think they are smart and brainy to evade and chisel to make dollars while men die for them.

60 Hogs Look Like 90

Thad Harden thinks somebody has played a joke on him. The other day one of his Mexican friends met Thad and asked him "What about your hogs?" Thad had just come up from the pens. He said "Heck, I've just been down to feed 'em. I thought I had about 60. I counted up to 90—and dog-gone it (that's the Mexican's report) I think some of you guys have been putting your hogs in my pen to get 'em fed." The Mexican said, "No, no, I sold mine several weeks ago, I no more feed 'em."

Miss La Nell Coltharp went up to Crowell for a visit with old friends over the week end.

BRYANT-LINK CO.

59 Years In Jones County

HAMLIN, TEXAS

That Meat, Milk, and Leather Are Needed In Winning The War

The flies that did the chasing last spring are the parents of the cattle grubs found in the backs of your cattle. These flies lay the eggs. Maggots hatch and start boring holes into the skin of your cattle. You are paying the bill.

Approximately 840,000 animals slaughtered in Texas each year are infested with grubs. An average of 2 pounds of meat is trimmed from

each grubby carcass, and after the trimming, the loins and ribs are devalued 2 cents per pound. This trimming causes a loss of 1,680,000 lbs. of Texas beef, enough to feed 4600 soldiers for one year. Cattle grubs cut holes through the thickest, best part of the hide, causing a reduction of one cent per pound and the loss of enough leather to furnish shoes for 1,000,000 soldiers one year. The grubs cause an average loss of \$3.86 per grubby animal in the packing plant alone, and as a result these animals are devalued from one-half to one and one-half cents per lb. on the market. The producer pays the bill.

In addition to meat and leather losses, heel flies and grubs cause as much as 25 per cent reduction in milk production in dairy cows and other indefinite losses that are difficult to estimate. The total loss to cattle producers in Texas amounts to about \$5,000,000 every year.

This tremendous loss caused by cattle grubs can be prevented. A simple, inexpensive, and effective treatment is now available. Ask your county agricultural agent to tell you how to control grubs.

Your County Agent,
James M. Binion

Germans Going Down On All Fronts

There is a lot of speculation all over the world, as to how long the German army and the German people will be able to hold out in the face of defeats along every battle front, with the approach of a bleak hard winter just around the corner for the home front where constant bombing and destruction is going on day after day.

Now again, and stronger today than weeks ago, we predict that the German nation will have sense enough to surrender in the face of worse and worse punishment as the winter days come on. By December 15 (with 30 more days of grace) we see collapse on their home front. This is apparent from the fact that Russia is heading for the German border faster and faster. When they reach Roumania, Bulgaria and Hungary, those nations will tumble into the Allied camp. Of all peoples in the world the Germans do not want in their country it is the Russian. If the Russian army does not stop, Germany will be crying for England and the United States to hurry up and come into Berlin. The minute the Germans see guns pointing across their border they will quit.

It is not so much what our armies are doing to the Germans in Italy, but what our bombs are doing for the home land. The farther we go the more it will hurt Germany. Possibly they may endure this winter, but there is a limit to human endurance, both at home and in the battle field.

The Allied forces can determine almost to a day when this war will close, and it will not close in Europe till things get exactly right for the Allied nations to take over. The more they retake the occupied lands the

faster Germany will fall. The war in Europe will stop suddenly, in our opinion. Then it will be hard to realize just what more must be done to finish out Japan.

Star-Telegram Now Requires Certificates

All old subscribers to the Star-Telegram can get their paper renewed, provided the Certificate the subscriber holds is sent in with their order.

To let the Herald handle the papers on a clubbing basis as usual, many are leaving their certificates with us till the proper time for renewals. This guarantees your local and daily reading for another year. Remember, we give you just as much advantage in the saving this year as ever. It will be worth your time to let us renew your Star-Telegram along with the Herald. YES, we do take NEW subscriptions to the Herald, anywhere but no subscription taken for less than ONE full year. Watch your date—it is on every paper or wrapper. We cannot send the Herald without your permission or order. It is \$1.00 to everybody, anywhere on earth.

Selective Service Going After Draft Dodgers

Moving to close in on draft dodgers, Selective Service regulations have been amended to provide for the immediate induction or prosecution of men 18 through 44 who become or remain delinquent on or after November 1st, it was announced today by State Director, General J. Watt Page.

"The continuing manpower de-

mands of the armed forces and the manpower needs of war production and agriculture, plus fairness to men already serving in the armed forces and to men, including fathers, who will soon be inducted, make it imperative that every man acceptable to the armed forces, who knowingly becomes delinquent, should be promptly made available for service in the armed forces or prosecuted under the terms of the law," General Page said.

FOR SALE

Row Binder, in good condition. Also B Ford Truck; runs good.
JESS L. GARRETT

Prevent Farm Fires

Fifty per cent of our farm fires are preventable, states F. W. Niemeyer, general agent of the Farm Credit administration of St. Louis. Every farmer should take extra precautions to see that fires are not caused by defective flues, sparks on the roof, smoking, spontaneous combustion and improper handling of gasoline and kerosene.

For the duration it will be extremely difficult to obtain the lumber, hardware, roofing and labor to rebuild. The WLB has limited construction to that which, regardless of cost, (a) is essential to meet production goals, (b) is consistent with sound agricultural practices, (c) uses a minimum of scarce materials, and (d) does not interfere with labor essential to war industries.

Place your orders for Sales Books at the Herald Office.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

TOWN AND FARM IN WAR-TIME

GASOLINE—In states outside the East Coast area, A-8 coupons are now good.

SUGAR—Stamp No. 14 good for 5 lbs. through October. Stamps Nos. 15 and 16 good for 5 lbs. each for home canning through October 31.

SHOES—Stamp No. 18 good for 1 pair. Validity has been extended indefinitely.

MEATS, FATS—Brown stamps C, D and E good through October 30. Brown stamp F becomes good Oct. 17 and remains good through Oct. 30.

PROCESSED FOODS—Blue stamps X, Y and are good thru November 20th.

Safeguard Government Checks
Despite repeated warning, records of the Bureau of Naval Personnel show a steady increase in the number of allotment and family allowance checks stolen or lost after delivery. To prevent loss, the following suggestions have been offered: (1) Be sure your name is on your mail box or door; (2) Watch for your check and deposit it promptly in a regular place; (3) If you move, notify your postmaster and either the Allotment Division or the Family Allowance Division of the Bureau of Supplies and Accounts, Navy Department, Cleveland, Ohio.

PX Profits Equip Chapels
Profits of \$6,800 from Army Post Exchanges in Africa are being used to provide religious equipment for the army's five permanent chapels there, the War Department has reported. The money, spent by American fighting men on soft drinks, candy, and cigarettes in overseas PX's, is buying reed organs, hymnals, bibles, and other religious supplies for all denominations.

Farm Labor Situation Helped
Three hundred thousand more men of military age were put to work on farms during the first six months of this year than in the same months of 1942, because of draft deferment and other measures taken to con-

About Soldiers--Sailors

Over in the Mediterranean area is a Hamlin man, Dr. Robert Johnson, a young fellow who has had a lot of experience through the Tunisian campaign, and the North African country all the way from the Atlantic across to Sicily. He had better be ready to do a lot of talking, describing what he has seen among the peoples of that mixed up part of the world, when he gets back home. He wrote a letter to his parents in June, and he made the best word picture of the country and people we have seen. Dr. Johnson is assigned to an evacuation hospital unit, and knows by now what the fighting men have suffered.

S & S
Here's another soldier, "Boots" Walker, whose real name is Pfc. Troy Walker, who is likely to get a chance to see the Pacific, and before leaving, his sister, Mrs. Hyatt, starts the Herald to him, to help him remember good old Hamlin. Boots is in the Medical Detachment, Engineers Avn. Ban.

S & S
From away down in Australia, Corporal Walter Clyde Thompson writes the Herald man. He says: "Have been having a wonderful time the last four days. Have a pass and it was supposed to be for a rest, but have not been in one place long at a time. This is a wonderful place, run by the American Red Cross. You can really get a rest and have all kinds of amusements. Of course you know it is spring down here. Everything looks pretty." Then Walter begins to ask about crops and things back home. He says all the boys wish they could come home, but it looks like it is going to be a long time yet.

serve agricultural labor. This number was sufficient to offset net losses of workers of military age from farms during the last half of 1942, according to the department of agriculture.

Reports On War Against Inflation
Prices in the United States advanced only 12 per cent in the first 19 months of the present war compared to 29.5 per cent in the same period in the first world war, Judge Fred M. Vinson, Director of Economic Stabilization, reported on the first anniversary of the Stabilization Act. "The war against rising prices has been a good example of democracy in action," Judge Vinson declared. "It has not been entirely free from selfishness and pettiness and difficulties of many kinds—perhaps no struggle ever is." Credit for the achievement, he said, goes "to the workers who have abided by the little steel formula; to the farmers, who have not needed the incentive of the prices witnessed during the last war to break all production records; to the thousands of businessmen, small and large, who have helped hold prices down; and to the American housewife for her co-operation with rationing and price control."

Market Turkeys Now
Farmers are urged to market their turkeys as soon as possible so that the American armed forces can have typical Thanksgiving and Christmas dinners. In a joint statement, Maj. Gen. E. B. Gregory, Quartermaster General, and Marvin Jones, War Food Administrator, appealed to farmers to "go over your turkey flocks carefully now with a view to offering as many as possible for sale to the government. Send them to your processor as early as possible. If you don't know where to market them, contact your nearest war board office or Quartermaster Market Center."

Pre-Induction Training For Boys
More than one million 16 and 17 year old boys will be enrolled in voluntary civilian pre-induction training courses in the nation's schools this fall, according to the War Department. Representing an enrollment of more than half of all the physically able boys at these age levels, the students are taking courses that will prepare them for more effective service in the armed forces. Officers at army reception centers record all pre-induction training on the soldier's record card. This training is taken into consideration in making assignments to further training and army jobs.

Our young Marine, Delbert L. Kite, has been heard from after several months of silence. His letter to his mother was dated Aug. 23, and evidently reached a Navy Postoffice in the States on Oct. 12. He sent several pictures, but only one, that of him self, got through. He is just past 18 now and has been down in the jungle islands about 16 months.

S & S
Carl Andress came in from the SW Pacific last Thursday night for a three days stop with his parents, Mr. and Mrs. Will Andress before going on to the Naval Air Base at Dallas where he will be a Naval Cadet. Up to now he has been a radio man on seaplanes.

S & S
Pfc. Alpha O. Butler came in from Camp Gordon Johnston, Fla., Sunday night for ten days, taking a little rest. Alpha says his hutments have pretty white sandy floors and it feels good (?) between your toes every morning. He has been in service 13 months.

S & S
Pfc. Ralph Dean came up from Camp Polk, La., Sunday night to spend 15 days at home with his parents, Mr. and Mrs. W. H. Dean. Ralph has been in the 536th Armored Inf. the past 10 months. He is looking like a real man now.

S & S
Pvt. Joe F. Beavers is now a Marine, stationed at San Diego. He is 18, but tells his parents, Mr. and Mrs. Barney Beavers it is rough, but he can take it.

S & S
Sailorboy Clifford C. Carr spent most of last week at home after completing his schooling in an electric branch of the Navy. He left for Portland, Oregon.

S & S
Dock F. Neal, M. M. 1-C, returned Wednesday of last week to San Francisco, Calif., after spending 18 days here with his parents, Mr. and Mrs. Glen J. Neal. Dock has been in the Navy for more than two years and his visit came as a pleasant surprise to his parents.

S & S
Mr. and Mrs. H. F. Haught have received one letter from their sailor boy, James L. He is with the South Atlantic Fleet, Seaman 2-C. His letter was dated Oct. 12. But in these days of fast planes, the mails can go a long way in one day.

S & S
T-Sgt. Harvey J. Elkins is one of our several boys over in India. Harvey piddled around Hamlin while growing up, as a sheet metal worker, now he is quite a developed man and foreman of some kind of Keep 'Em Flying outfit in the land of India, that Japan is licking out her beastly tongue to get hold of. Yes sir, Harvey your old Dad down at Port Arthur sends a dollar to keep you reading the Herald.

S & S
Over in North Africa is another Hamlin boy, Tech. Sgt. Max Taylor, who is a kind of correspondent for the Herald, but last week his letter to us said: "Those letters, mine and Ernie Pyle, look a lot sillier in print (I mean mine) than they do when I write 'em." Now Max Taylor is a great kid, but he is a bit shy about publicity. He says he is in a place where he can swim almost any time, has a wonderful bunch, like a family to work with. He says "My heart goes out to those guys in dog holes, and pup tents, in the midst of eaction. I haven't seen very much of it, but enough to know what it's like. Believe it or not, I'd like to be with them now. If I were I'd probably wish I was back here—never satisfied. The guys in Italy are cussing the guys in Algiers because they have it soft... and the guys in Algiers are cussing the 'powers that be' for keeping them out of action—A vicious circle." Glad to hear from Sgt. Max, think now we know just what he is doing, salvaging things that drop in the sea and he's evidently picking up plenty too.

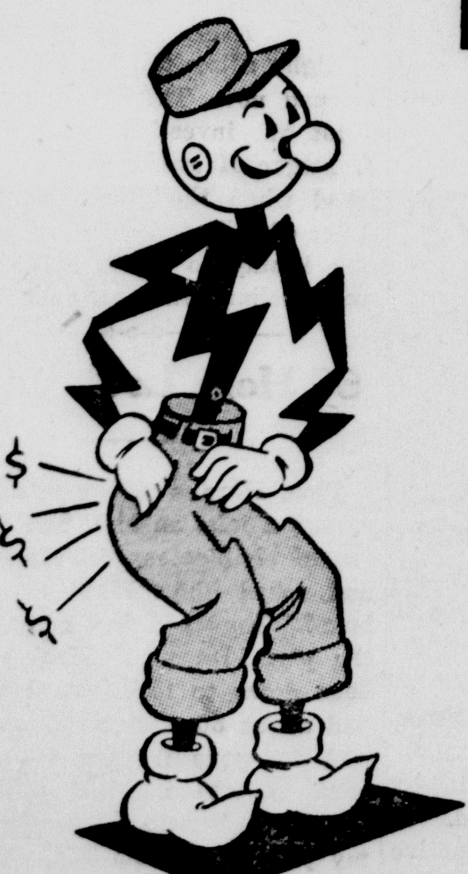

S & S
Joe B. Mier's, Machinist Mate 2-C, who is in the Navy Construction C. B. Somewhere in the Pacific, is going to receive the Herald as a compliment from Mrs. M. Miers, who lives at Midland, Calif.

West Texas Utilities
Company

Reddy: That's the way we're spending our wages.

You: What are your wages, Reddy?

Reddy: Your electric bill, the small sum you pay me for the jobs I do for you daily.

You: But just how do you convert them into forts to send over Berlin and Tokyo?

Reddy: Like this: Fifteen cents out of every dollar you turn over to me my company turns over to the federal government as taxes—which in terms of the entire industry means over 400 million dollars. And that's ENOUGH TO BUY MORE THAN 1,500 GIANT BOMBERS—at a quarter-million each!

You: That's really blastin' 'em!

Reddy: Altogether from every dollar you pay us, we pass along 8¢ more for local and state taxes—which totals about 24¢ out of every dollar.

You: But how do you manage?

Reddy: By business management under free enterprise—that's how!

THAT SYSTEM is supplying the brains, the know-how and manning the production lines that turn out the 1500 Forts!

WE SLING GYPSUM

By The Gypsy Reporters
(Francis Nichols—Geraldine Brown)

Mr. and Mrs. Norman Alexander and family of Compton, California have been visiting her parents, Mr. and Mrs. W. A. Brown and also her sister, Mrs. Annie Lou Bevans in Hamlin.

Mr. and Mrs. Hershell Ewing of Fort Worth visited friends and relatives in Plasterco over the weekend.

Mr. and Mrs. John Riddle and family spent Sunday in Jayton visiting Mr. and Mrs. C. C. Gallagher.

Pvt. Glen W. Bond of Camp Barkeley visited his parents, Mr. and Mrs. Glenn Bond over the week end.

Mr. Jack Scott of Fort Worth visited his sisters, Mr. and Mrs. Leonard Nichols and Mr. and Mrs. R. F. Jackson over the week end.

Clifford Charles Carr of the U. S. Navy spent a short leave with his parents, Mr. and Mrs. H. C. Carr last week.

Misses Wilda Jean Fancher and Daurice Ewing of Fort Worth spent Thursday through Sunday visiting old friends and relatives.

Miss Minnie Lee Elkins who is employed in Dallas was home this week for a short visit with her parents, Mr. and Mrs. W. B. Elkins.

Mr. and Mrs. S. C. Dunn and family spent Sunday in the home of Mr. and Mrs. Willie Tabb in Boyd Chapel.

Miss Winnifred Carr who is employed in Abilene, spent a few days last week with her parents, Mr. and Mrs. H. C. Carr.

Mrs. Annie Lou Bevans and children of Hamlin spent Sunday in the home of her parents, Mr. and Mrs. W. A. Brown.

Mr. and Mrs. Elam Ewing of Longworth, spent Sunday visiting old friends and relatives.

We were sorry to hear that Mrs. E. L. Cox had been called to the bedside of her sister, Mrs. Lena Drake in New Ross, Indiana. You are all invited to attend church and Sunday School Sunday.

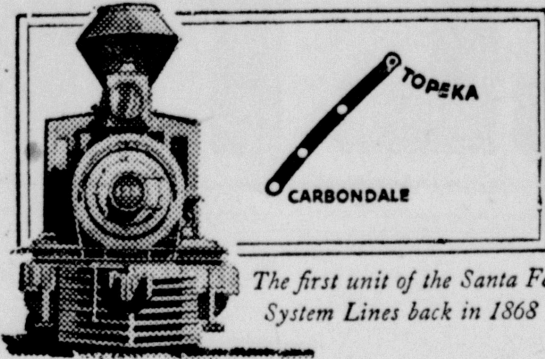

Putting On A Great

Sale Before Going to Fight The Germans

Kurt Schoemann thinks he will be in the army within a few more days or weeks. For about two weeks now, he has had on a big sale of his dry goods. He is a native of Germany and seems quite ready to let go of everything in Hamlin, store, mother, wife and little son, to get a whack at the Hitlerites who have been so cruel to his family and to his race. Yet, maybe he will not have to go. Depending on Congress and war needs for men.

The Schoemann store invites you to look at their final call in their page ad this week.

The NEW Winning of the West

The first unit of the Santa Fe System Lines back in 1868

JUST 75 years ago this week, October 30, 1868, rail was laid on the first unit of the Santa Fe System Lines—a 17-mile stretch in Kansas from Topeka to Carbondale.

Today, Santa Fe System Lines are over 13,000 miles long, serving people and products from Illinois to California, and from Colorado to the Gulf of Mexico.

Looking Ahead

Farsighted men, even years back, began looking ahead to the Southwest and West not only as a land of enchantment and natural resources but as the coming theater of industrial expansion in this country.

The war has brought home the soundness of this vision—big things are happening today in the states of Santa Fe land.

States served by the Santa Fe

Thousands are flocking to Texas—great state of farm, factory and free enterprise—to man its booming plants, cultivate its soil, and ride its far-reaching ranges.

Kansas is becoming famous for its plane factories and munition plants, as well as its golden wheat fields.

Arizona is winning new fame in the fields of agriculture, live-stock, mining, and as an aviation center.

Oklahoma's oil is writing bright new pages in the science of war, and advances for the peace to come.

Freight cars are rolling out of New Mexico

loaded with essential copper, potash and zinc, as well as steers and sheep.

Illinois, Missouri and Iowa are saying it around the world with factory and food products.

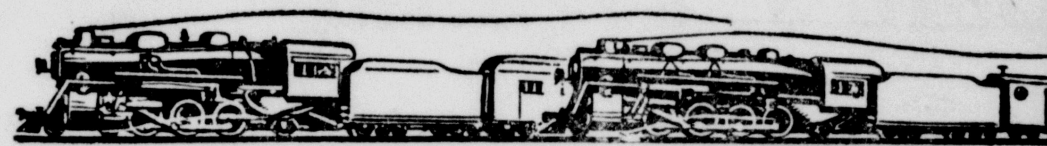

The lead and silver and coal from Colorado's mineral-filled mountains are doing great things toward winning a war.

And in California, steel mills, shipyards, power dams, plane plants and lumber mills are working around the clock to supply more, more, and more of the sinews of war.

Santa Fe all the way for U. S. A.!

We of the Santa Fe are too busy "keeping 'em rolling" for Victory to take time off to celebrate the 75th anniversary of the laying of our first rail.

This is, however, an appropriate time to point out how important to the development of this New West has been the linking together of its States by Santa Fe rails. We are naturally proud to be part of this great development.

SANTA FE SYSTEM LINES
ONE OF AMERICA'S RAILROADS—ALL UNITED FOR VICTORY

SYLVESTER NEWS ITEMS

By Merrena Vaughan

We are indeed proud of our foot ball boys. They won another game on Thursday, over Divide, 18 to 0.

Mr. Lee Powell and son Hershell Mc left this week to join Mrs. Powell and daughter Ruth in California.

Pvt. Ross Parsons, U. S. M. C. of San Diego, has finished his boot training and has been spending his furlough with his parents, Mr. and Mrs. John Parsons.

Mr. and Mrs. T. W. Parsons visited with their son, Pvt. Tommy Parsons in Roswell, N. M., over the past week end.

Sgt. Lonnie Smithson is spending his furlough with his parents, Mr. and Mrs. Smithson.

Mrs. O. Z. Porter visited her mother in Fort Worth the first of the week.

Everyone is urged to attend the Hallowe'en carnival sponsored by the school on Friday night, Oct. 29 in the gym.

Mr. and Mrs. J. C. McHaney and daughter Billy Ruth spent Sunday in Slaton visiting their daughter and son-in-law, Mr. and Mrs. Paul Johnson. Their granddaughter, Sandra, returned with them.

Miss Penny Ferguson and room mate of Hardin-Simmons spent the week end in the Chas. Ferguson home.

Mr. and Mrs. Thurston Williams and son of Westbrook visited in the Henry Ward and A. D. Williams homes over Sunday.

Mr. and Mrs. Lamont Haley of Stamford spent Sunday visiting the A. D. Williams.

Mrs. Kathryn Polk and daughter Lana Kay of Brownfield are visiting in the J. W. Turner home.

Mr. and Mrs. J. A. Edwards, Mr. and Mrs. E. C. Kiser, spent Monday in Stamford on business.

Mr. and Mrs. Allen McEllyea of Sweetwater visited in the L. D. Smith home over Sunday.

Mrs. Nannie Etlevens of Houston has been visiting in the home of her parents, Mr. and Mrs. T. J. Nelson.

A meeting was held on Tuesday, Oct. 26th, at 8 P. M., for the purpose of organizing a local Lions club.

The State Secretary and District Governor of the Lions International were present. Dr. R. N. Richardson of Abilene was principal speaker.

The Baptist ladies furnished the eats in the basement of the church. We insist that the men of our community attend and assist in any way to make the club a success.

Mr. and Mrs. Jessie Green have moved back to their home in the Golan community. They have been working in Dallas.

Miss Marguerite Nobles, a Texas Tech senior, spent the week end here with her mother, Mrs. Vera Nobles.

Future Homemakers

The Future Homemakers of Hamlin High school met Wednesday, October 20.

The following officers were elected: president, Gamile Hassen; vice-president, Charlene Durham; secretary, Ernestine Gardner; treasurer, Bobbie Wilson; reporter, Gertrude Eckler; parliamentarian, Thelma Carlton.

We have decided to meet every two weeks. —Reporter

Full Gospel Mission

S. L. Liles, Pastor

Sunday School at 9:45 A. M. Preaching Service 11 A. M. Sunday afternoon service, 3:00. Evening service at 8:00. Mid-week prayer meeting at 8:00. Young Folk service Friday evening at 8:00.

Saturday evening service at 8:00. Wednesday, Friday and Saturday night at 8 o'clock.

We especially enjoy the Friday night service for the Young People. They are doing a wonderful work and we appreciate them so much. There's a great work to be done. The fields are truly white to harvest. Let's back them up with our prayers and presence. Remember Sunday services, especially the afternoon service at three.

METHODIST CHURCH

James E. Harrell, Pastor

Church School at 10:00 A. M. Morning worship service at 11:00. Youth Fellowship program, at 6:30 P. M.

Evening service at 7:30.

The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock.

Mid-week service Wednesday evening at 7:30.

The sermon subject Sunday morning will be "Maintain the Spiritual Glow." Special music will be rendered. Mrs. Willard Maberry will sing at the evening service.

Dr. C. A. Bickley, district superintendent of the Abilene district, will preach Sunday night. This will be Dr. Bickley's farewell sermon, as district superintendent, at our own church. According to the law of the church, he must return to the pastorate at our annual conference session in Lubbock. We are very anxious to have a large congregation hear Dr. Bickley's farewell sermon. Come and make this possible with your presence and interest.

Dr. Bickley will conduct the 4th quarterly conference after the Sunday evening service. Then an informal reception will be given for Dr. Bickley and Mrs. Bickley in the church basement. Coffee and pie will be served. Everyone is welcome.

We are always delighted to have visitors worship in our services.

Women!
Here is a name to remember
CARDUI
A 62 year record of 2-Way help
See directions on label

Used as a tonic, Cardui usually peeps up appetite, aids digestion, and thus helps build energy for the "time" to come. Started 3 days before your time, and taken as directed, it should help relieve pain due to purely functional causes.

Ivy Witt returned Wednesday from the Dallas markets where he had bought merchandise for his store.

Prayer meeting each Wednesday at 8:15 P. M.

Everyone welcome to all services. Dan D. Jones, Pastor

Soil Chemists Study Farm Crop Diet Needs

Determine Extent to Which Plants Use Food

If farm crops are provided with a more substantial diet by the addition of nitrogen, phosphorus, potash and calcium to the soil, the plants will do their part by utilizing the increased nutrients and passing them on to their human or livestock consumers in the form of needed minerals.

This was the conclusion of a special study to determine the extent to which crops will use plant food when given the opportunity, conducted by Dr. George D. Scarseth, soil chemist of the Purdue university agricultural experiment station. He was assisted by Dr. D. H. Sieling, assistant professor of agronomy and R. E. Lucas, graduate assistant.

These soil scientists used test plots on which various fertilizer treatments had been applied and plots which received no treatment whatever. Then they compared the rate of plant food used by the crops grown on these plots.

Three different locations were used for the tests. These included Crosby silt loam plots at Lafayette, Ind., Bedford silt loam at Bedford and Clermont silt loam at North Vernon. The crops studied for three consecutive years included corn, wheat, oats, alfalfa and red clover, soybeans, timothy and lespedeza.

In general, the tests revealed that crops produced on fertilized plots utilized about twice as much nitrogen, nearly three times as much phosphorus and two and one-half times as much potash per acre as those grown on unfertilized plots.

At Bedford, for example, a corn, wheat, soybean and hay rotation grown on a plot treated with a 3-18-9 analysis, utilized 43 pounds of nitrogen, 12 pounds of phosphorus and 29 pounds of potash per acre. Plant food used by the same crop on an unfertilized plot amounted to only 20 pounds of nitrogen, 4.5 pounds of phosphorus and 12 pounds of potash per acre. On another plot where lime was added to the 3-18-9 analysis, the crops utilized 55 pounds of nitrogen, 15 pounds of phosphorus and 31 pounds of potash. When both lime and manure were added, the plant food utilization increased to 71, 21 and 52 pounds respectively.

On Clermont silt loam soil at North Vernon, a corn, wheat and hay rotation treated with a 3-20-12 fertilizer utilized 39 pounds of nitrogen, 14 pounds of phosphorus and 36 pounds of potash per acre. When lime was added, the utilization increased to 57, 19 and 38 pounds, respectively. The same crops used up only 18 pounds of nitrogen, six pounds of phosphorus and 15 pounds of potash when grown on an unfertilized plot.

Mr. and Mrs. E. L. Perryman, Rt. 1, Box 175, Grand Prairie, announce the arrival of a fine girl, Ida Elizabeth on Sunday, Oct. 24. She weighed nearly 6 pounds. The mother was Nita Tidwell.

the dictator nations observe such a day. This day has too long been neglected in our way of life by neglecting God's house. If you have been a part of this neglect, attend the church of your choice this Sabbath and worship God.

We extend a warm welcome for you to worship with us at any time you will. B. J. Martin, Pastor

Give

NATIONAL WAR FUND

To carry on a great work of human kindness around the world, the National War Fund must have your support. Your contribution will go to the USO, War Prisoners' Aid, United Seamen's Service and many other international and local agencies approved by the President's War Relief Control Board. ... Give so that more will live.

Plan Now Your

WINTER COMFORT

Lone Star Gas Service costs so little. But this is no reason why in these wartime days some thought shouldn't be given to its wise use. By planning ahead there are many little things you can do to eliminate waste and thereby get full benefit from the economy of whole house heating. The eight suggestions below are insignificant in themselves, but all together they add up to quite a saving over a period of months. But more important they mean the wise use of a fuel which is so important to Southwestern war industries.

HOW TO USE GAS WISELY FOR HOUSE HEATING

1. Avoid overheating. Keep the house temperature around 72 degrees.
2. Keep all heating equipment in good operating condition; keep it clean and free from all dust particles.
3. Flame on radiant-type room heaters should not be allowed to lick out top of radiators.
4. If you have a gas heater in your fireplace, seal the flue to the extent that the room heat will not go up the chimney, yet leave sufficient space for venting heater.
5. See that windows and doors lock tightly; if possible they should be weather-stripped.
6. Where unvented equipment is used, a small opening at the top of the window is recommended to help reduce "wall sweating." Window openings should be no wider than necessary for an ample flow of fresh air, otherwise they become heat wasters.
7. At night when windows are open in bedrooms, shut off rest of house to prevent temperatures from dropping so low that more fuel will be needed to build up warmth during the morning hours.
8. When properly used, insulation can reduce consumption of heating gas 20 to 25 per cent in one-story houses and 15 to 20 per cent in two-story houses of standard type construction. Insulation materials are plentiful.

FLOOR FURNACES ARE AVAILABLE

for you who can qualify under WPB ruling

Resting flush with the floor, the gas floor furnace takes up no room space. It is vented to carry off products of combustion, thus eliminating "wall sweating." It provides healthful, circulated heat. Space heaters are rationed by OPA. Let us help you.

LONE STAR GAS COMPANY

POT SHOTS FROM McCAULLEY

BY GEO. DARDEN

Sorrow came to this community last week when one of our fine citizens, Mr. W. H. Parker, was electrocuted while at work at Texas Cement & Plaster Co. at Longworth. No higher tribute could be paid any man, than to say that he was a good citizen, a good husband and a good father. Yes, Mr. Parker was the highest type of a citizen and this community has suffered a great loss in the passing of this good man.

Attending the funeral of Mr. W. H. Parker and visiting with friends and relatives last week in McCaulley were: Mr. and Mrs. M. L. Akins and children of Imperial, Texas; Mrs. Emmett Akins of Abilene; Mrs. Cleo McCloud and Miss Icy Akins of O'Donnell, Texas; Miss Corine Akins of Abilene and Misses Nola and Alene Akins of Fort Worth. Mr. and Mrs. Pete Humphries spent last week in Fort Worth visiting with friends.

Pfc. Earl Rhoten and wife of Reno, Nev., are visiting parents, Mr. and Mrs. J. T. Rhoten and other relatives. Earl is on a fifteen days leave and from his looks the army feeds excellent.

Mr. and Mrs. N. D. Miers and children of the Hobbs community were visiting in the home of his parents, Mr. and Mrs. S. E. Miers last Sunday.

Mr. and Mrs. W. A. (Bill) Maberry of Lamesa visited his mother, Mrs. Dan Maberry and other relatives in McCaulley last week. Yes,

Bill got married last week. Sorry we did not learn the name of the wife before her marriage.

Mr. and Mrs. Ellis Eivens and children of Fort Worth were visiting parents in this community last week end.

The calf roping contest at the ball park in Hamlin last Sunday afternoon was jam up. A lot of folks were there and a number of ropers were enjoying the good sport including ye old scribe. Didn't mean to tell it but Luther Maberry's horse turned out from under him causing a lot of laughs with no damage done. We all liked the show so well that we will be going back, and too, it's a good arena in front of the grand stand and who knows, it may get big like the Stamford reunion.

Miss Icy Akins of O'Donnell, Texas, gave us a dollar the other day for a year's subscription to the Herald. Thanks, Miss Akins.

Mrs. Charlie Eivens and twins have returned from Fort Worth after a week's visit with children in that city.

The McMurry Mission Band will conduct services at the McCaulley Methodist church next Sunday at 11:30 A. M. As it is the 5th Sunday there will be no other church service in town and everyone is urged to attend and especially the young people of this community.

Kenneth Wayne Decker was elected president of the Young People's Sunday School class at the Baptist church last Sunday. Sarah Ann Steele secretary; Ina Pearl Wishert, membership chairman; Jimmie Dee George, fellowship; Mary Callaway, ministry. Mrs. George Darden is teacher of this class and all young folks are cordially invited.

Home over the week end from college were Mary Callaway and Bennie Ray Jones.

Curtis Courtney, who is in the army and stationed in Tennessee, visited his brother and family, Mr. and Mrs. Melvin Courtney last week end. We failed to learn the rank of Curtis but he is a former high school student of McCaulley. Melvin accompanied Curtis to Jacksonville for a visit with their parents.

Virgil Steele substitute carrier, is on the mail route this week.

Pat Rector, little daughter of Mr. and Mrs. L. E. Rector, underwent a throat operation in a Stamford hospital last week. She is doing fine.

Mr. and Mrs. Luther Maberry made a business trip to Haskell Co. last Monday.

Mrs. Paul Benhing, who teaches at Swedonia, visited her parents, Mr. and Mrs. O. T. Hennington last week end.

Mrs. Oliver Lee spent last week in Fort Worth with her husband who is employed at Consolidated Air Craft.

National War Fund Drive

Do you remember about this time last year when you made up your mind that you were going to contribute to every agency that was a help to the war effort?

Do you remember further that you were called upon within your own community several times for contributions for the USO? And do you not remember that you contributed generously each time that you were called upon?

Do you remember that you were called upon to contribute to war agencies that you had heard little or nothing about, nevertheless, you went right ahead and contributed generously, because you felt that you were probably helping the general war effort towards a speedier victory?

Can you not recall that all together you gave several dollars during the last 12 months to the many different agencies? Things are now worked out, even in the war funds on a twelve months basis. This year instead of being called upon several times for the same or different war fund drives, you will be given a chance to contribute to all agencies at one time. This drive is based on an anticipated need for twelve months and is to include all funds other than Red Cross; thus taking in the USO, war prisoners and the 15 other agencies.

The McCaulley community is called upon for its part and it is believed that the entire amount can be raised in one evening. A rally is scheduled for Tuesday night, Nov. 2, at the school building. At this meeting there will be pies, cakes, and boxes brought by the ladies to be auctioned, in addition there will be cake and coffee for sale to anyone having twenty-five cents. All proceeds, of course, go towards McCaulley's quota of the War Fund Drive. Along with the pie and box supper,

there will be other entertainment and a guest speaker to further explain the need of the War Fund Drive.

Be sure to come ready to buy pies, cakes and to contribute according to the dictates of your own conscience.

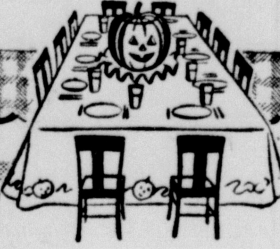

O-O-O

COMMENT No. 1—It is true that somebody has to feed the world. It is also true that thousands could be taken out of these cost plus jobs and put on the farm. Six year old boys could do the work that the older ones are doing on some cost plus jobs. This is not altogether hear-say, we have had some experience and saw with our own eyes, a lot of men have quit such jobs because they felt they were doing absolutely nothing to win the war on such jobs. When men draw from six to ten dollars per day to pitch horse shoes when they are supposed to be at work for Uncle Sam, then it's high time that they are drafted for farm work. The old saying is "It's the truth that hurts." and they who dance must sooner or later pay the fiddler.

Mrs. Earl Brown entertained the Young People's B. T. U. class with a party Wednesday night, Oct. 20. Members of the B. T. U. class were present and guests were Mr. and Mrs. Larry Holmes and Mr. Earl Brown. Games were played under

the direction of Mrs. Earl Brown, and refreshments of soft drinks and cookies were served.

The Defense Club met Thursday night at the school house. Mrs. Eli Bruner and Mrs. Riley Bond entertained with progressive 42. High score prizes were won by Mrs. Larry Holmes and Charles Carter. Mrs. Charlie Carter and Mrs. Louise Wilgus will entertain Nov. 4th.

Mrs. Louise Wilgus, Miss Laverne Jenkins and Miss Juanita Bruner were guests of Miss Mable Hill last Sunday.

Pfc. L. B. Bruner visited his parents, Mr. and Mrs. Roy Bruner last week end.

Mr. and Mrs. E. K. Whittenburg of Neinda and Mr. and Mrs. Charlie Bingham and son of Boyd Chapel were guests of Mr. and Mrs. Earl Brown Sunday.

Mr. and Mrs. Charlie Carter and son and Miss Winnell Schrimsher accompanied Mr. Poor of Anson to Crosbyton Sunday to visit Mr. and Mrs. E. L. Baxter and family.

Mr. C. H. Bates and Miss Winona Schultz, county agents of Stone-wall county, met with the 4-H club boys and girls Monday morning.

Tell The Herald your news.

Card of Thanks

We wish to express our heartfelt thanks for the many beautiful floral offerings and all the kindness shown us since the loss of our beloved husband and father. May God's richest blessings be on each of you is our prayer.

Mrs. W. H. Parker
Pfc. and Mrs. Clyde Huff
Pfc. and Mrs. Huie Parker
Cpl. and Mrs. Leon Edwards
Pfc. and Mrs. W. L. Hunter Jr.
Lt. and Mrs. James A. Parker
Mr. and Mrs. A. Rector
